MESSAGES

Dr. Ashar Afaq

Registrar,
Dow University of Health Sciences

Dow University of Health Sciences continues to advance its mission of academic excellence, transparency, and efficient institutional governance. Our ongoing efforts are centered on facilitating students, faculty, and staff through streamlined administrative processes and a supportive environment that encourages learning, research, and innovation.

This edition of the DUHS Newsletter highlights the dynamic academic, research, and co-curricular activities across the university. It reflects the dedication, achievements, and collective progress of our university community, while serving as a valuable platform to share developments, celebrate milestones, and strengthen communication among all stakeholders.

I sincerely acknowledge the commitment of our faculty, administrative teams, and students whose hard work ensures the smooth functioning and continued growth of the institution.

Prof. Dr. Saba Sohail

Principal, Dow Medical College
Dow University of Health Sciences

Dow Medical College remains firmly committed to academic excellence, innovation, and service to humanity. Our continued focus is to develop competent, compassionate, and ethically responsible healthcare professionals who are well-prepared to meet the evolving challenges of modern medicine and contribute meaningfully to society.

The dedication and perseverance demonstrated by our students, faculty, and staff are truly commendable. Their accomplishments in academics, research, and co-curricular activities reflect a strong and vibrant culture of learning, teamwork, and community engagement. This newsletter provides an important platform to showcase these achievements, share academic progress, and acknowledge the collective efforts that strengthen our institution.

As we move forward, let us remain guided by the principles of integrity, professionalism, and empathy in all our endeavors.

DUHS Conducts Strategic Retreat for Institutional Growth and Excellence

Dow University of Health Sciences successfully conducted a two-day Strategic Retreat – Unit-Specific Strategic Review on 1–2 February 2026, under the leadership of Prof. Dr. Nazli Hossain, Vice Chancellor DUHS, and Dr. Rameez Khalid, Advisor to the Vice Chancellor on Strategy.

Organized by the Office of Strategic Development and Implementation, the retreat brought together university leadership and representatives from various academic and administrative units for a comprehensive review of institutional progress and future priorities.

Through collaborative discussions, unit-specific presentations, and strategic planning sessions, participants evaluated departmental achievements, reviewed ongoing initiatives, and identified opportunities for innovation, growth, and operational excellence. The retreat provided a valuable platform for strengthening coordination across departments and ensuring alignment with DUHS's long-term strategic objectives.

The initiative reaffirmed DUHS's commitment to continuous improvement, evidence-based decision-making, and sustainable institutional development. By fostering a culture of strategic thinking and collaboration, the retreat contributed to shaping a shared vision for advancing academic excellence, healthcare services, research innovation, and organizational performance across the university.

DUHS Celebrates a Year of National Pride and Unity

Dow University of Health Sciences commemorated the First Anniversary of Marka-e-Haq (Operation Bunyan-ul-Marsoos) celebrated on May 10 through a series of events reflecting patriotism, unity, community service, and national solidarity. The DUHS community actively participated in solidarity gatherings, patriotic rallies, sports activities, healthcare outreach camps, and cultural programs. These initiatives paid tribute to the sacrifices of Pakistan's Armed Forces while promoting humanitarian values, volunteerism, social responsibility, and national cohesion across the university community.

HR Directorate Conducts Training to Enhance Healthcare Experience

The Human Resources Directorate, DUHS, successfully conducted a training session titled "Elevating Hospital Experience: Training for Frontline Personnel" on 9th June 2026.

The initiative was designed and delivered to address key service challenges in the hospital environment and enhance patient care through improved communication, professionalism, empathy, and service delivery. The interactive session included role plays and real-life scenarios, focusing on effective communication, patient-centered care, managing difficult situations, confidentiality, and maintaining patient dignity.

The training received positive feedback from participants and highlighted the importance of continuous learning in improving healthcare service quality.

Advancing Mutual Respect and Unity

Dow University of Health Sciences organized a dialogue session on "Inter-faith Harmony & Social Domino" on 16 May 2026 at Dow Medical College to promote understanding and coexistence among diverse faiths and cultures.

The session featured insightful discussions by Prof. K. S. Nagpal, Fr. Shakeel Gulzar, and Mr. Riaz Ahmed Siddiqui. The dialogue promoted peace, mutual respect, inclusivity, and unity.

DUHS Graduates Shine Globally: 146 Students Match into U.S. Residency Programs

A proud milestone for Dow University of Health Sciences, as **146 students** successfully matched into U.S. residency programs, reflecting the institution's academic excellence and growing global impact in medical education.

The Dow Mentorship Program (DMP), in collaboration with DOGANA (Dow Graduates Association of North America) YPC, successfully organized Meet the Matched 2026 on 06 May 2026 at Dow Medical College. The session featured distinguished DUHS alumni who successfully matched into U.S. residency programs after beginning their journey as DMP mentees.

Speakers shared valuable insights on the USMLE pathway, residency match process, mentorship, and career planning, inspiring students through their experiences and reinforcing DUHS' commitment to supporting future medical professionals pursuing global opportunities.

Research Week 2026 Concludes with Dynamic Research Exhibition

The Office of Research, Innovation & Commercialization, DUHS, under the leadership of Prof. Dr. Kashif Shafique, Director ORIC, successfully concluded Research Week 2026, held from 6th–13th April 2026, with a vibrant Research Exhibition celebrating innovation, scientific inquiry, and academic excellence.

The exhibition brought together researchers, students, and faculty from 25 institutions, showcasing 250 research posters selected from 330 submissions across diverse disciplines.

The event provided a valuable platform for knowledge exchange, collaboration, and the presentation of cutting-edge research. Outstanding presentations were recognized for their quality and impact, highlighting the growing culture of research and innovation of DUHS.

Navigating the Digital World Responsibly

The School of Postgraduate Studies, DUHS, organized a session on "Responsible Use of Social Media Platforms" on April 6, 2026, highlighting the growing importance of ethical and professional conduct in the digital age. The session was attended by undergraduate and postgraduate students, who actively engaged in discussions on maintaining professionalism and responsible online behavior.

Prof. Jamshed Akhtar, Visiting Professor at the National Institute of Child Health, delivered an insightful talk emphasizing the importance of confidentiality, digital professionalism, and the ethical use of social media.

In an era where social media plays a significant role in communication and information sharing, the session underscored the need for awareness, accountability, and responsible digital citizenship.

DUHS Distributes 460 Laptops Under PM Youth Laptop Scheme

Dow University of Health Sciences distributed 460 laptops among talented students under the Prime Minister's Youth Laptop Scheme, reaffirming its commitment to promoting digital learning, academic excellence, and student empowerment.

The initiative provides students with essential technological resources to support their educational journey, research activities, online learning, and skill development.

DUHS expressed its gratitude to the Government of Pakistan, the Higher Education Commission (HEC), and the Government of Sindh for their continued support.

EVENTS & WORKSHOPS

3D-Science Model & Research Poster Exhibition

The Dow College of Biotechnology organized the 3D-Science Model & Research Poster Exhibition on 10th February 2026 under the leadership of Prof. Dr. Mushtaq Hussain, Principal DCOB, showcasing the scientific creativity, innovation, and research excellence of its students.

The exhibition featured a diverse range of innovative 3D science models and research posters, highlighting topics spanning biomedical sciences, molecular biology, biotechnology, genetics, and emerging areas of scientific research.

Students demonstrated their ability to translate complex scientific concepts into engaging visual presentations, reflecting both academic knowledge and practical understanding.

DUHS Reinforces Commitment to Quality Assurance Through HEC Policy Review

Dow University of Health Sciences welcomed a Higher Education Commission (HEC) delegation at Dow Medical College on 9th February 2026 for a comprehensive review of the implementation of key HEC policies and institutional practices.

The discussions focused on important areas including accessibility and inclusion, anti-harassment measures, prevention of drug and tobacco abuse, and fee refund regulations. Committee members actively participated in the session, sharing progress, best practices, and strategies aimed at strengthening compliance and enhancing the overall student experience.

The visit provided an opportunity for constructive dialogue and collaborative evaluation, reinforcing DUHS's commitment to maintaining the highest standards of institutional governance, transparency, and accountability.

DUHS Organizes Free Vehicle Maintenance Camp

The Transport Department of Dow University of Health Sciences, in collaboration with Suzuki Motorways, organized a Free Vehicle Maintenance Camp on 16 June 2026.

The initiative was aimed at supporting faculty and staff by providing complimentary vehicle maintenance services, helping ensure safer, more reliable, and efficient transportation. The camp offered a range of essential services, including vehicle inspection, maintenance checks, and technical support for Suzuki vehicles operating within the university.

By facilitating such activities, DUHS continues to foster a supportive workplace environment and strengthen its commitment to the health, safety, and convenience of its employees.

DUHS Strengthens Global Ties

The Office of Research, Innovation & Commercialization, DUHS, organized a Symposium on Healthcare Innovation & Entrepreneurship, bringing together leading experts including Dr. Adeel Ahmad, Dr. Babar Rao, Dr. Bilal Hameed, Mr. Tariq Khan, and Dr. Aeraj ul Haque. The event was held in collaboration with the Organization of Pakistani Entrepreneurs of North America (OPEN) and the Association of Physicians of Pakistani Descent of North America (APPNA), highlighting strong international linkages and a shared commitment to advancing healthcare innovation.

The symposium served as a platform for knowledge exchange on emerging trends in healthcare entrepreneurship, translational research, and innovation-driven solutions, encouraging dialogue between academia, clinicians, and global professionals.

In a parallel engagement, a delegation from the Dow Graduates Association of North America (DOGANA), including Dr. Naushad Noorani, Dr. Tariq Jawaid Alam, Dr. Syed Arman Raza, and Dr. Babar Rao, visited Dow Medical College on 29th December 2025.

The visiting delegation also toured the Dow–APPNA Center of Emerging Technologies, further strengthening academic collaboration and reinforcing DUHS's commitment to fostering global partnerships, professional development, and future-ready healthcare education.

CME Symposium & Poster Competition 2026 Highlights Advancements in Nuclear Medicine Technology

The Department of Nuclear Medicine & Theranostics, Dow University of Health Sciences, successfully organized the CME Symposium & Poster Competition 2026 under the theme, "From Counts to Clarity: Mastering Nuclear Medicine Technology," on 16 May 2026. The event attracted more than 100 participants from diverse healthcare technology disciplines, providing a vibrant platform for academic exchange, professional development, and scientific collaboration.

A major highlight of the symposium was the Poster Competition, where outstanding research and innovative ideas were showcased. Following a rigorous evaluation process, the top 20 posters were shortlisted for the Poster Walk and presented through a live on-screen display. The top three presenters were recognized with cash prizes in appreciation of their exceptional scientific contributions.

The symposium featured a series of expert lectures, scenario-based interactive discussions, and inspiring success stories shared by experienced Nuclear Medicine Technologists.

The event concluded with the launch of the Annual Newsletter of the Department of Nuclear Medicine & Theranostics by Prof. Dr. Jahan Ara Hasan, Pro Vice Chancellor, DUHS, and Prof. Dr. Nosheen Fatima, Head of the Department of Nuclear Medicine & Theranostics, DUHS. During the ceremony, Ms. Asma Ismail was also acknowledged and appreciated for her exceptional contribution to the development and compilation of the department's annual newsletter.

The department expressed its sincere gratitude to Prof. Dr. Nazli Hossain, Vice Chancellor, DUHS, for her continued support. Appreciation was also extended to all speakers, faculty members, organizers, students, and the dedicated "NMT Heroes", whose collective efforts made the symposium a resounding success.

UBL Contributes for Healthcare and Community Welfare

Dow University of Health Sciences hosted a delegation from United Bank Limited (UBL), comprising Mr. Sohail Musarrat Siddiqui, Mr. Asim Ali Mughal, Mr. Ghulam Hussain, Mr. Saad Saleem, Mr. Farhan Ali Khan, Mr. Muhammad Zakaria, Mr. Adeel Ahmed, and Mr. Muhammad Ovais Rafiq, for a cheque presentation ceremony focused on healthcare and community welfare support.

Representing DUHS were Mr. Syed Zain ul Abdin Shah - Director Finance, Mr. Hamid Ali Shah - General Manager Finance, Mr. Dev Anand Parshad - Director Internal Audit, Mr. Syed Mazhar Ali Kazmi - Additional Director Finance, Mr. Muhammad Farid Amin - Manager Finance (Treasury), and Mr. Umair Zafar - Manager Alumni, Marketing, and Communications.

As a generous contribution toward patient care and humanitarian services, UBL donated PKR 20 million to support welfare initiatives and healthcare services for underprivileged communities through DUHS. The collaboration reflects a shared commitment to social responsibility, improved access to quality healthcare, and meaningful impact on the lives of those in need.

Strengthening Public Health: DOWRAB Expands to DGHS Punjab

Dow University of Health Sciences marks a significant milestone as the Director General Health Services (DGHS), Punjab procures DOWRAB (Rabies Vaccine) in March 2026 from the Dow Institute of Life Sciences, strengthening collaborative public health efforts.

This initiative ensures availability of DOWRAB through DGHS Punjab, improving access to life-saving treatment while reinforcing Pakistan's progress towards self-reliance in vaccine production and reducing dependence on imports.

The achievement also represents a major step towards Pakistan's self-reliance in vaccine production, reducing dependence on imported vaccines while promoting research, innovation, and sustainable healthcare solutions.

DUHS and Meezan Bank Explore Strategic Partnership for Sustainable Healthcare Solutions

On 28th April 2026, a delegation led by Syed Amir Ali, President Meezan Bank, along with his senior leadership team, visited Dow University of Health Sciences to explore strategic collaboration opportunities aimed at enhancing healthcare delivery and financial accessibility.

The visit, facilitated through the efforts of Mr. Syed Zain Ul Abdin Shah, Director Finance DUHS, highlighted key initiatives focused on sustainable healthcare financing, financial inclusion, and support for underprivileged patients. During the meeting, Meezan Bank presented a cheque of PKR 5 million to support DUHS healthcare services and welfare initiatives.

Vice Chancellor Prof. Dr. Nazli Hossain underscored DUHS's commitment to delivering equitable and quality healthcare services, emphasizing the importance of partnerships that strengthen patient care and institutional sustainability.

Discussions also explored potential collaboration in solarization projects, interest-free financing solutions, and student financial facilitation programs, reflecting a shared vision for innovation-driven, socially responsible development in healthcare and education.

Fostering International Collaboration: Bangladesh Delegation Visits DUHS

On April 10, 2026, Dow University of Health Sciences hosted a distinguished high-level delegation from Bangladesh led by High Commissioner Md. Iqbal Hussain Khan. The delegation was warmly received by Vice Chancellor Prof. Nazli Hossain, along with Principal, DIMC Prof. Dr. Uzma Bukhari and senior faculty members.

The visit included comprehensive tours of DUHS facilities, showcasing the university's advanced healthcare services, specialized clinical care, and modern training infrastructure. The delegation was briefed on DUHS's academic excellence, research capabilities, and commitment to delivering high-quality medical education and patient care.

Discussions during the visit focused on strengthening academic collaboration, faculty exchange programs, and joint research initiatives, aiming to foster long-term institutional partnerships between Pakistan and Bangladesh.

BankIslami Extends Support to DUHS for Compassionate Healthcare Services

Dow University of Health Sciences welcomed Mr. Aamir Ali Syed, Area Manager, Bank Islami Pakistan, and his team during a courtesy visit to the university. On the occasion, a cheque of Rs. 3 million was formally presented to Mr. Zainul Abdin Shah, Director Finance, DUHS, in support of a dedicated Patient Support Fund.

The contribution reflects a strategic partnership aimed at strengthening critical healthcare services and supporting underprivileged patients through compassionate and inclusive healthcare initiatives.

DUHS and Abdullah Foundation Sign MoU for Student Scholarships and Healthcare Support

Dow University of Health Sciences hosted a delegation from the Abdullah Foundation on 10th February 2026 for the signing of a Memorandum of Understanding (MoU) aimed at providing scholarships for deserving and talented DUHS students.

During the visit, Vice Chancellor Prof. Dr. Nazli Hossain briefed the delegation on DUHS's academic excellence, healthcare services, and ongoing institutional initiatives. The discussions also focused on expanding collaboration in sustainable healthcare support for financially vulnerable patients, reflecting a shared vision of equity, accessibility, and social responsibility.

IBBPS-DUHS Achieves International Recognition

The Dow Institute of Biological, Biochemical & Pharmaceutical Sciences, Dow University of Health Sciences has achieved a milestone by becoming the first Contract Research Organization (CRO) and Bioequivalence Study Center in Pakistan to receive approval from the Iraqi Ministry of Health.

This prestigious recognition reflects the institute's robust regulatory framework, comprehensive quality management systems, and unwavering commitment to maintaining the highest standards of Good Clinical Practice (GCP) and internationally accepted research protocols.

The approval enhances the global standing of IBBPS-DUHS and serves as a testament to the institute's excellence in clinical research, bioequivalence studies, and pharmaceutical sciences. It also strengthens international confidence in Pakistan's research capabilities and highlights the growing credibility of DRAP-approved Bioequivalence Centers on the global stage.

Empowering Communities Through Health Awareness

As part of its community outreach and public health awareness initiatives during the holy month of Ramadan, Dow University of Health Sciences expanded its engagement with the public through a series of live radio sessions on Hot FM 105 and FM 100.

Prof. Dr. Jahan Ara Hasan, Pro Vice Chancellor, DUHS, participated in these live broadcasts, discussing important health-related issues, preventive healthcare measures, and the significance of community well-being. The sessions provided listeners with valuable insights on maintaining physical and mental health, adopting healthy lifestyle practices during Ramadan, and addressing common health concerns.

Discussion on health awareness and community wellbeing.

Strengthening Employee Health Through Hepatitis Screening and Vaccination

The Ojha Institute of Chest Diseases, DUHS, in collaboration with the Communicable Disease Control (CDC), successfully organized Hepatitis B & C Screening and Vaccination Camps exclusively for DUHS employees, strengthening preventive healthcare across the institution.

The first camp, held from 12–14 February 2026 at OICD, screened 828 employees and administered 836 vaccines, while the second camp, conducted on 25–26 March 2026, screened 259 employees and provided 697 vaccines. In addition, 1,667 vaccines were administered through the TB-Integrated OPD, bringing the total number of vaccines delivered since January 2025 to 3,200.

These initiatives play a vital role in the early detection and prevention of hepatitis, helping protect healthcare workers and staff from infectious diseases.

Inauguration of Emerging Infectious Diseases Research Laboratory

A state-of-the-art Emerging Infectious Diseases Research Laboratory (EIDRL) was inaugurated at Sindh Infectious Diseases Hospital and Research Centre, DUHS on 23 February 2026, marking a major milestone in Sindh's public health preparedness. The facility was inaugurated by Sindh Health Minister Dr. Azra Fazal Pechuho.

The ceremony was attended by Health Secretary Tahir Sanghi, Universities and Boards Secretary Abbas Baloch, DUHS Vice Chancellor Prof. Nazli Hossain, Pro-Vice Chancellors Prof. Jahan Ara Hasan and Prof. Sajida Qureshi, Registrar Dr. Ashar Afaq, Dr. Abdul Wahid Rajput, Prof. Saba Sohail, Prof. Uzma Bukhari, and other faculty members and healthcare professionals.

World Blood Donor Week 2026 Promotes Voluntary Donation

Dow University of Health Sciences observed World Blood Donor Week 2026 from 15–19 June 2026 through a series of blood donation camps organized by the DUHS Blood Centre. The week-long initiative encouraged faculty members, staff, and students to participate in voluntary blood donation and support patients in need of life-saving transfusion services.

DUHS Blood Centre has also achieved a major milestone in patient safety and quality assurance by implementing 100% comprehensive antibody screening for all patient and donor samples. This significant accomplishment sets a new benchmark in blood safety and reflects DUHS's continued commitment to international standards, advanced transfusion practices, and the delivery of safe, high-quality healthcare services.

Inauguration of State-of-the-Art Operation Theaters

On 14 February 2026, Dow International Dental College Hospital (Johar Campus) inaugurated three state-of-the-art Operation Theatres to enhance surgical care and patient outcomes.

Vice Chancellor Prof. Dr. Nazli Hossain, as Chief Guest, inaugurated the facility and highlighted the importance of modern healthcare infrastructure in improving surgical safety and outcomes.

The addition of these advanced operation theatres reflects DUHS's commitment to strengthening healthcare services through innovation, modernization, and excellence in clinical practice, ultimately benefiting both patients and healthcare professionals.

OBSERVING IMPORTANT DATES

World No Tobacco Day (31 May 2026)

The Ojha Institute of Chest Diseases, DUHS, observed World No Tobacco Day under the theme "Unmasking the Appeal – Countering Nicotine & Tobacco Addiction."

The event aimed to raise awareness about the harmful effects of tobacco use and nicotine addiction, highlighting the urgent need for prevention, education, and cessation support.

World Hypertension Day (17 May 2026)

The Dow Institute of Cardiology, Dow University of Health Sciences, organized a seminar on World Hypertension Day to raise awareness about the prevention, early detection, and effective management of hypertension, a major risk factor for cardiovascular diseases.

The session highlighted the importance of regular blood pressure monitoring, healthy lifestyle choices, balanced nutrition, and physical activity in reducing the burden of hypertension

International Nurses Day (12 May 2026)

"Our Nurses. Our Future. Empowered Nurses Save Lives."

Dow University of Health Sciences commemorated International Nurses Day 2026 by honoring the dedication, compassion, and invaluable contributions of nurses in healthcare services. The celebration recognized nurses as the backbone of patient care and acknowledged their tireless commitment to healing, empathy, and professional excellence.

OBSERVING IMPORTANT DATES

World Immunization Week (24 - 30 April 2026)

Dow University of Health Sciences commemorated World Immunization Week 2026 through a series of impactful activities, including awareness seminars, a newspaper supplement, and a public awareness walk.

Held under the global theme "For every generation, vaccines work," the initiatives emphasized the vital role of immunization in preventing infectious diseases, reducing disease burden, and safeguarding public health across all age groups.

Colorectal Cancer Awareness Month (March 2026)

Dow University of Health Sciences organized a Colorectal Cancer Awareness Walk on March 30, 2026, to highlight the importance of early detection, prevention, and timely treatment of colorectal cancer.

Carrying the powerful message "Yes! We Can Prevent It. Early Detection Saves Lives.", the walk aimed to raise public awareness about risk factors, symptoms, and the significance of regular screening in reducing cancer-related mortality.

World Tuberculosis Day (24 March 2026)

Ojha Institute of Chest Diseases, DUHS led an awareness walk under the global theme "Yes! We Can End TB."

The initiative aimed to raise public awareness about tuberculosis prevention, early diagnosis, and treatment adherence, while emphasizing the importance of collective action in eliminating TB as a public health threat.

OBSERVING IMPORTANT DATES

World Oral Health Day (20 March 2026)

The Department of Community and Preventive Dentistry, Dow Dental College, organized a free dental camp for children aged 5–13 years in celebration of World Oral Health Day 2026, themed "A Happy Mouth Is... A Happy Life."

Nearly 320 children received oral screening and awareness sessions conducted by third-year BDS students, focusing on proper brushing techniques and preventive dental care.

World Kidney Day (12 March 2026)

In line with the theme "Kidney Health for All," Dr. Muhammad Tassaduq Khan emphasized the importance of adopting a healthy lifestyle through balanced nutrition, regular physical activity, adequate hydration, and routine medical check-ups to help prevent kidney disease and support long-term well-being. He also advised that individuals aged 40 years and above should undergo kidney health screenings at least once a year for early detection and timely intervention.

Raising awareness about kidney health can play a significant role in reducing the burden of kidney disease and promoting healthier communities.

World Hearing Day (3 March 2026)

Dow University of Health Sciences Marks World Hearing Day with Grand Seminar and Awareness Walk on 3rd March 2026.

Prof. Dr. Zeba Ahmed stated:

"As ENT specialists and educators, we know that a child's ability to hear is their gateway to learning. Our mission is simple yet urgent: to identify early in our communities, support consistently in our classrooms, and break the stigma by normalizing the use of hearing aids."

DUHS Champions Modern Premier League Season 3

Dow University of Health Sciences proudly wins the Modern Premier League Season 3, achieving the remarkable milestone of reaching the finals in all three seasons of the tournament.

The team demonstrates outstanding unity, determination, and sportsmanship throughout the competition. Appreciation is extended to Vice Chancellor Prof. Nazli Hossain, Director Sports Dr. M. Sarfraz, Deputy Director Dr. Mashal Naeem, Pir Muddasir Ali Shah (Director HR), Mr. Irfan (Gym Coordinator), and Dr. Khurram Pervaiz (Captain) for their continuous support and leadership.

The players continue to showcase exceptional performance and teamwork, bringing pride to DUHS.

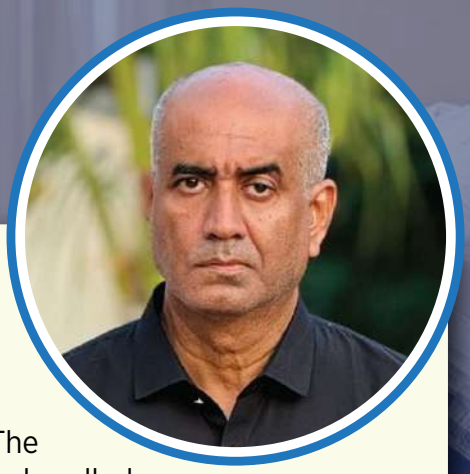
Celebrating the Spirit of Urdu Poetry

Dow University of Health Sciences Literary Society (DUHS-LDS) successfully hosted Arz Kya Hai 5.0, its signature Urdu Mushaira, celebrating the richness of Urdu poetry. The event featured emerging and renowned poets across two engaging sessions, concluding with certificate distribution, and reaffirmed DUHS-LDS's commitment to promoting literature, culture, and creative expression.

Entrepreneurial Project Display Showcases Innovation and Business Excellence

The Institute of Business and Health Management, DUHS, successfully organized an Entrepreneurial Project Display on 20 May 2026, bringing together students, faculty members, and local entrepreneurs. The event featured a diverse portfolio of student-led startups and business ventures, highlighting strong market awareness, practical problem-solving skills, and promising entrepreneurial potential.

“A Note of Gratitude”



Safdar Abbas

I would like to express my heartfelt gratitude to **Dow University Hospital** for the excellent care I received during my treatment.
I underwent brain tumor surgery and I am truly thankful for the professionalism and expertise of the doctors and medical team. The surgery performed by **Dr. Badar Uddin Ujjan (Neurosurgeon)** was handled with great skill, and I deeply appreciate the care and dedication shown throughout the process.
Before the procedure, I was also provided with thorough counseling, which helped me understand the process and eased my concerns. This support gave me confidence and made me feel well-prepared for the treatment.
I am also very grateful to **Dr. Mustafa (Physiotherapist)** for his continuous support and guidance during my recovery.
What stood out the most was the kindness, cooperation, and commitment of the entire team at DUH. They made a very difficult time much easier for me and my family.
I sincerely appreciate the high standard of care provided by DUH and thank everyone involved in my treatment.
