Professional Development Centre
Dow University of Health Sciences
SNUBH is a pioneer in Minimally Invasive Surgery (MIS), which helps recover faster and leaves a much smaller scar than traditional techniques. Through live streaming of operations we have been able to train hundreds of surgeons across Asia, without the need or cost for them to travel to Korea. Now, we turn to you to pass on the useful techniques and spread across the globe. You may take the advantage of this great program.

• Goal: Enable medical staff across Asia-Pacific to learn the latest techniques and collaborate with their peers to improve patient outcomes.

• Program: Medical online and offline training for Master Leaders, Class of 2016

• Duration: 2016.02 - 2016.03

• Location: Online (details stated below) & Offline (SNUBH, Seoul-Korea)

• Advantages:
  - Medical Education for Medical Staff and students
  - Online classes with technical support
  - E-learning education (saves time and money)
  - No limit to the number of learners
  - Not to SNUBH (for offline training: one person from each institution)

• Contents

  • Tele-Lecture - online
  • Live Surgery - online
  • One Week Offline Training - @SNUBH
  • Global Workshop - @SNUBH

• What We Expect From You
  - Perfect Attendance
  - Commitment to complete the 3 month course
  - Submission of reports and feedback
