“We have got the greatest message in the Quran for our guidance and enlightenment. All that we have got to do is to know ourselves and the great qualities, virtues and powers that we possess, let us work up to that great ideal. Let us utilize our great potentialities in the right direction. Let us forego our personal interest and conveniences for the collective good of our people, and for a higher and nobler cause”.

QUAID - E- AZAM MUHAMMAD ALI JINNAH
FATHER OF NATION
DOW UNIVERSITY OF HEALTH SCIENCES

VISION

“Be an academic leader by generating creative, collaborative, contextual resources to improve health through scholarship and service.”

MISSION

“Provide leadership in creating and imparting knowledge through high quality research and education with an aim to provide cost effective, contextually relevant high quality community service through its faculty, graduates and staff.”
CODE OF ETHICS

Administered to all health professionals at graduation

I SOLEMNLY PLEDGE THAT:

- I will consecrate my life to the service of humanity.
- I will give my teachers the respect and gratitude which is their due.
- I will practice my profession with conscience and dignity.
- The health of my patients will be my first consideration.
- I will respect secrets, which are confided in me.
- I will maintain by all means in my powers, the honor and noble traditions of the medical profession.
- I will not permit considerations of religion, nationality, race, party politics or social standing to intervene between my duty and my patient.
- I will maintain the utmost respect for human life from the time of conception; and even under threat.
- I will not use my medical knowledge contrary to the laws of humanity.
- I make these promises solemnly, freely and upon my honor.
HISTORY OF DUHS

Sir Hugh Dow
was the
second Governor of Sindh.
He laid the foundation stone of the
Dow Medical College
in December 1945.

58 YEARS LATER

Dr. Ishrat-ul-Ebad Khan

Present Governor of Sindh.
Established
Dow University of Health Sciences

Dr. Ishrat-ul-Ebad Khan took the initiative for the establishment of the Dow University of Health Sciences. He is a Dow Graduate.

He was appointed as Governor of Sindh in 2002 and ever since is striving to upgrade the facilities of medical education and health care in Sindh.

HIS EFFORTS WERE CROWNED BY
THE ESTABLISHMENT OF
DOW UNIVERSITY
OF HEALTH SCIENCES
IN
DECEMBER 2003
PROF. MASOOD HAMEED KHAN
Tamgha-e-Intiaz
Founding Vice Chancellor
Dow University of Health Sciences, Karachi

Dow University of Health Sciences is one of the most renowned educational institutions of Pakistan. Since its establishment in December 2003, the University has been the fastest growing medical institution of the country. The University has the distinction of being the largest medical University of the country with more than twenty separate institutes which are providing education to about 7000 students.

The University’s undergraduate and postgraduate programs are perceived the world over as of very high quality. The University provides excellent academic facilities through its fully equipped laboratories, library, museums, and information technology facility, video conferencing, besides good logistic facilities at departments, hostels and the campus in general.

The University’s education programs include those for undergraduate and postgraduate student’s research. The students also have access to maximum possible academic and learning resources including Digital Library where they have access to more than 22,000 journals and text books even from home. Student have opportunities to participate in hands on training workshops and specialist courses at Professional Development Centre (PDC) of the University which is fully equipped with manikins, simulators, simulating ICU and operation theatre besides other required equipment’s for the training of postgraduates.

We hope that by joining the University you will explore the opportunities available here and join our postgraduate community of international standards.
PROF. MUHAMMAD UMAR FAROOQ

Pro Vice Chancellor, DUHS
Principal Dr. Ishrat-ul-Ebad Khan
Institute of Oral Health Sciences
Dow University of Health Sciences, Karachi

I am highly pleased to witness the remarkable progress of the Dow University of Health Sciences particularly in the field of postgraduate studies and it is a matter of immense pride for that this growth has been made within the first decade of its establishment. DUHS offers a comprehensive range of almost all graduate degree programs offered around the world in the field of medicine and allied health sciences and within short period of time it has successfully developed an inspiring range of postgraduate programs for those who wish to continue their studies by earning specialized postgraduate degree in their field of interest.

The Department of Postgraduate Studies - DUHS is serving with an aim to gain excellence by matching the pace of advancement in the field of postgraduate studies in developed societies and it has successfully devised all such programs that are demand of the field of medicine and allied health sciences. Their endeavor to nurture the trend for post graduate studies and research by introducing diplomas, postgraduate degree programs of master and doctoral level in all fields of health sciences ranging from post graduation and doctorate in clinical studies and basic medical sciences, Pharmacy, Endocrinology, Epidemiology, Public Health, Healthcare Management, Medical Education, Nursing, Rehabilitation Studies etc has gained tremendous response from professionals of and the growing number of enrolment in each program is indication of effectiveness of these programs.

On behalf of DUHS, I welcome you all to join the postgraduate studies program of your field of interest and explore the opportunities that Department of Post Graduate Studies-DUHS has made available for all competent scholars to transform them into the driving force for the development of our country. I wish best of luck to all our upcoming students.
PROF. JUNAID ASHRAF
Chairman, Department of Postgraduate Studies & Principal Dow Medical College
Dow University of Health Sciences

I am pleased to invite the medical, dental and allied health sciences graduates to join the wide variety of postgraduate fellowship, degree and diploma programs offered by Dow University of Health Sciences, which range from specialization in medical and dental fields to health & education management to training of technical skills.

DUHS has a remarkable history of excellence in medical education. Since inception it has been keen to extend the span of medical education from undergraduate programs in different fields to life long learning through introducing postgraduate level programs. It has successfully designed these programs according to the latest international standards of structured & outcome based post graduate education.

The wide gap of higher level specialized healthcare education due to fewer postgraduate level institutions in public sector is being bridged up by the human resource development efforts of DUHS in shape of these post graduate programs. The range of offered programs will surely satisfy the need of advance level education in doctors, pharmacists, nurses, medical researchers & technologists.

It is the mission of the University to provide education in state of the art learning environment through seasoned faculty, fully resourced training facilities with simulation and real life learning opportunities. The Department of Postgraduate Studies will always endeavor to facilitate your postgraduate education in all respects.
PROF. ABU TALIB

Secretary
Department of Post Graduate Studies
& Vice Principal, Dow Medical College
Dow University of Health Sciences.

Since the creation of Dow University of Health Sciences in 2004, there has been an enormous increase in the number of postgraduate students and various postgraduate courses e.g. before the creation of University the department was offering post graduation in M CPS, FCPS and few diploma courses. Now in addition to these the University is offering 25 Postgraduate Diplomas, Master programs, M.Phils, PhD's.

The Department of Postgraduate Studies is looking after all the postgraduates regarding their teaching, structured training & skills, rotations, attendance records, assessments, feedbacks from the trainees, regular updating of the curriculums and examinations.

Other facilities available for post graduate trainees are Digital Library where they can access more than 20 thousand Journals and Text Books, Skills Lab., Professional Development Center, different courses, Workshops, Video Conferences, etc.

I feel no hesitation in saying that Dow University of Health Sciences is the best and the fastest growing, ISO Certified Medical University of Pakistan in the public sector, offering postgraduate training in the field of Medicine, Dentistry and other health related subjects.
