ADMISSIONS IN

MBBS / BDS / Pharm-D (Session 2011) at

Dow International Medical College (DIMC)
Dr. Ishrat-ul-Ebad Khan Institute of Oral Health Sciences (DIKIOHS)
and Dow College of Pharmacy (DCOP)

Dow University of Health Sciences, Karachi-Pakistan

HIGHLIGHTS

- All Institutions of Dow University including Dow International Medical College (DIMC) are recognized Internationally and are included in IMED W.H.O directory.
- Newly constructed building has about 2,00000 sq. ft. covered area.
- State of the art facilities including spacious and fully equipped laboratories, powerlab, liberaris, lecture halls and hostels are provided.
- Dow University Hospital is located in the same Ojha Campus.

FACILITIES PROVIDED

- Airconditioned classrooms, Laboratories & Libraries.
- Digital Library has more than 300 computer stations connected to the main high class server to have large storage capacity and HEC connectivity for access to more than 22,000 journals and 45000 text books to help in updating knowledge and acquire information for research, students have access with password even from home.
- There is also a library having more than 4000 books alongwith spacious reading halls.
- High standard hostels are available alongwith MESS facilities for boys and girls within the same Ojha campus.
- High Class facilities at Gymnasium and Sports Complex for co-curricular activities.

CURRICULUM

- THE DOW INTERNATIONAL MEDICAL COLLEGE (DIMC) is also in line with Dow Medical and Sindh Medical colleges regarding introduction of integrated objective based MODULAR CURRICULUM.
- An integrated modular curriculum can be defined as courses with subject matter classified by organ systems rather than according to the departments such as anatomy, physiology or biochemistry. Such a curriculum fosters professional development, and is coupled with systematic and coherent development of clinical and communication skills.
- The modular curriculum has been introduced from 2010, which helps students in correlating clinical findings with anatomy, physiology and other basic sciences. Dow University is the first institute of Pakistan to prepare and adopt modular system to make better doctors, who acquire postgraduation easily besides getting good scores in USMLE.
- The University has also switched to the SEMESTER SYSTEM from annual examinations system besides implementing OSPE & OSCE ie Structured Practical Exams.

EDUCATIONAL GOALS

- The following three main goals, make up the foundation of the undergraduate medical education programs at Dow University. The program-level objectives have been identified within each of the three educational goals.
  i) Self directed learning and life long learning skills
  ii) Core biomedical Science Education
  iii) Hands-on-training for skills

- THE SKILLS BASED CURRICULUM has been developed according to the current health requirements, and includes proficiency in essential skills like monitoring vital signs, cardiopulmonary resuscitation, common procedural skills, infection control skills as well as communication skills, necessary for all doctors.
The “UNDER-GRADUATE SKILLS LABORATORY” has been established for hands on training to the students. A skill based curriculum has been implemented at DIMC for skills training. The skill laboratories are equipped with the LATEST TRAINING SIMULATORS and MANNEQUINS and possess VIDEOS OF ALL PROCEDURES. This will provide students the advantage of having structured hands-on training in all skills required to deal with actual human beings in practice as patients.

THE QUALITY ENHANCEMENT CELL (QEC) of Dow University of Health Sciences has adopted several measures for quality assurance which includes:

i) Self Assessment Report (SAR)  
ii) Teachers Portfolio  
iii) Students Portfolio and  
iv) Mentor System

QEC is also conducting several faculty development programs on regular basis for more effective teaching and learning techniques

ADMISSION REQUIREMENTS

- The candidate should have passed at least grade 12 from any recognized institution.
- Main eligibility requirement is
  (a) SAT II Score Min. 550/800, separately in Chemistry, Biology and Physics/Maths. OR  
  (b) IBCC equivalence certificate (Pre-Medical) group with Min. 60% marks

  **NOTE:** only one of the above (a) or (b) is required not both.

- The final seat allocation will be on merit, based upon percentage of SAT II Scores OR IBCC Marks.
- As per latest PM&DC decision, overseas students will not require Entrance Test.
- The SAT II test centre is also available in Karachi. Some Private tutors prepare students in about 6–8 weeks time (further information may be given on email, if needed).
- There is no age limit for applicants.
- The MBBS / BDS sessions 2010 will start from 05th Oct. 2010 (Pharm-D in December 2010)

**Important Note:** To save academic year, candidates may be provisionally allowed to attend MBBS classes at DIMC from 5th Oct. 2011 on payment of non refundable 50% tuition fee (7500 US $). SAT II (550 each) scores or IBCC equivalence (60%) must be acquired for confirmation of admission latest by Jan. 2012.
