The liquid and the powder provide one viscous and consistent mixture, which is used as gutta-percha point. The setting of this cement is caused by the reaction between the Zinc Oxide and Eugenol, which in the presence of water produces the zinc eugenol. The resin improves the characteristics of the mixture and delays the setting time. The radiopacity is optimized by the bismuth and barium salts. The formulation of PULP FILL KIT is similar to the one developed by GROSSMAN.	BIODINAMICA	Brazil	200	Pack	(12g + 10ml)	3,450.00	690,000.00	1st	Not Recommended

| 7. Mr. S. Tanzeel | M/s. Universal Enterprises. |
| 8. Mr. Javaid | M/s. Bilal Enterprises. |

The meeting commenced with the recitation from the Holy Qur'an, followed by a welcome address by the Chairperson. The Committee was apprised that bids were invited in accordance with **Rule 17(1-A)** of the Sindh Public Procurement Rules (SPP Rules), 2010. The procurement process was conducted under the **Single-Stage One-Envelope** procedure prescribed under **Rule 46(1)** of the SPP Rules, 2010.

It was further informed that the IFB/NIT was duly published on the DUHS and SPPRA websites and advertised in three widely circulated newspapers – Daily Dawn (English), Daily Jang (Urdu), and Daily Kawish (Sindhi)—on **15 December 2025**.

The Committee was informed that **Ten (10) e-bids** were received as above mentioned through the **E-Pak Acquisition and Disposal System (EPADS)** of the Sindh Public Procurement Regulatory Authority (SPPRA) up to the submission deadline of **31st December 2025 at 10:00 Hours**. The M/s. Bilal Enterprises submitted the bid security however; their bid was not found / uploaded on EPADS.

All bidders were briefed that the lowest cost alone shall not be the sole factor for award of contract. The Procuring Agency (PA) will conduct a comprehensive evaluation based on the qualification and evaluation criteria stipulated in the bidding documents.

It was stipulated in the bidding documents that **bidder must submit samples upon request by DUHS within the prescribed timeframe**, for assessment of quality, workmanship, and material of the offered goods. Additionally, all mandatory requirements as outlined in the bidding documents will be examined to determine responsiveness.

As per the agenda, the Procurement Committee proceeded to open the bids received through EPADS. The quoted rates, bid amounts, and bid security particulars were announced aloud in the presence of all bidders' representatives.

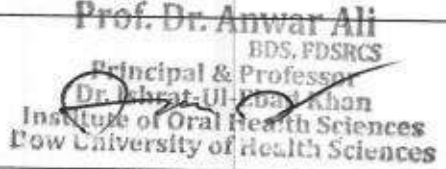

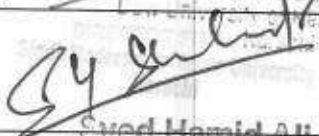

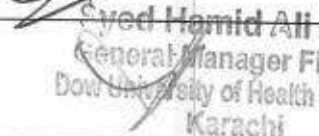

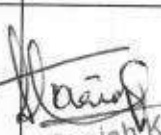

The Committee meticulously verified the quoted rates and bid securities by cross-checking each item with the comparative statement and original bid submissions to ensure completeness and accuracy.

Following the completion of the verification process, the Committee finalized its recommendations, which have been duly incorporated into the **Bid Evaluation Report (BER)**.

Following are the details of financial bids and bid security submitted by the bidders:

S#	Name of Bidder	Total Bid Amount	Amount of Bid Security	P.O No. & Date	Particulars of Bank
